

## **BCA CIC and LCMLA Award Holder Update Workshops**

In light of further easing of Covid 19 restrictions, QMC (Qualifications Management Committee) are pleased to announce that a number of update workshops have now been scheduled over the next few months. CIC and LCMLA award holders whose awards have recently expired during the pandemic or are due to expire in the near future should now book themselves onto a workshop, to ensure that their award is kept valid.

LCMLA candidates are not restricted to attending a workshop in the area that they work, but are reminded that if they travel 'out of area' for their update, they need to also make contact with a Trainer/Assessor from their area to approve their listed sites. This should be done in advance of the workshop, and they should get written confirmation from the T/A.

We remain aware that the past few months will have curtailed award holders' ability to log recent experience and some may not have the full course pre-requisites; thus we have asked TAs to take this into consideration.

### **LCMLA Updates**

Currently the following workshops are programmed to run in 2020:

September 5 <sup>th</sup>	North Wales
September 20 <sup>th</sup>	South Wales
October 2 <sup>nd</sup>	Derbyshire
